## Customer Notice Richmond Swimming Pool – Improvement Programme June 2022 Update No. 4

Dear Customers,

Following from my third update in March 2022, I thought I would provide you with a fourth update following receiving new information from Richmondshire District Council (RDC).

The latest update from Richmondshire District Council's contractor is that works will commence on site on **Monday 18th July**. The Pool will however remain open up to and including **Friday 5th August 2022** as the works leading up to this date can be carried out without disruption to the service. The Pool will then close and not reopen until **Monday 14<sup>th</sup> November 2022**.

The scheme will not only modernise the facility but the new plant will reduce the carbon footprint, reduce energy consumption and encourage environmental efficiencies. Final details of the works are currently being agreed and as soon as I have these detail's I will of course be sharing these with you. During the various phases of the refurbishment, we will be providing updates along with photographs showing the stages of progress.

On a positive operational note Richmond Pool continues to rebuild following the various Covid interruptions with all areas of usage showing promising upward trends. The Swim Academy has more children swimming than before the pandemic and is showing steady growth. We also have a waiting list and have reintroduced adults swimming lessons that are proving popular. We currently have a full school swimming programme with schools from across the district. The school holiday fun (inflatable) sessions continue to be well attended, while other activities such as Richmond Dales Swimming Club, Richmond Triathlon Club and the popular Aquafit sessions continue to be well supported.

I will provide another update as soon as anything changes. We are all looking forward to having a modernised facility ready for mid-November where we will be planning to launch a new & improved swimming pool programme.

Once again, I thank you for your continued understanding & patience.

Yours sincerely

**Austin Gordon**  
**General Manager**
